

## Unit#1: The Master and the Donkey

### Answer the following questions.

**Q. 1: Define what a master is?**

**Ans:** A master is a teacher. People in Pakistan and India call a teacher in a village a master.

**Q. 2: Explain why the master.....do it again.**

**Ans:** He thought that his students were as foolish as donkeys. He told them that he could sort them out as he had already made such students behave sensibly.

**Q. 3: What is one.....in the passage?**

**Ans:** One source of the master's income seems to be the money he makes by pretending to help the simple people who are ready to pay him in order to get out of a difficult situation.

**Q. 4: Do you think.....a simpleton?**

**Ans:** Yes, the washerman was a simpleton. That is why he could not see through the trick that the master played on him.

**Q. 5: What did.....recognize him?**

**Ans:** The master told the washerman to take with him the bag from which the donkey used to feed.

**Q. 6: What is a folk tale?**

**Ans:** A traditional story of a particular area that has passed on orally from one storyteller to another. Later on it may appear in written form.
